University of Tlemcen
English for University Teachers
Timetable (2nd Session-2023)

Dear colleagues, note please:

- Most of the trainees were given their chosen timing except few ones who represented a minority in the Google Form results. Therefore,
- If you notice any anomaly between your Google Form choices and the group given to you, you can change to the group that suits your timing and level.
- If you cannot find your name in any of the trainees' list, please join any of the available groups and ask the teacher to add your name to the list.
- Trainees are allowed to attend extra sessions with other teachers than their origin group. This may serve trainees having maximum exposure to the English language.
- **New comers** who subscribed as B1 trainees should sit for a *placement test* to be classified either as B1 or A2. Teachers in charge of the B1 level will get in touch with you for more details.
